

VIRTUAL DEMENTIA TOUR®

This pioneering, scientifically-proven method of building a greater understanding of dementia is highly recommended for caregivers, first responders, police officers, fire fighters, healthcare workers, local businesses, community groups and anyone curious to learn more about living with Alzheimer's and dementia.

HEAD-TO-TOE EXPERIENCE

Stoney River's trained facilitators guide participants outfitted with patented sensory tools that alter their senses while they try to complete common everyday tasks and exercises.

"Everyone on the planet needs to experience this!"

GAIN COMPASSION AND INSIGHT

This powerful tool helps participants adjust expectations and take a new approach when interacting with people with dementia for better outcomes.

"You are an active learner... you walk in the shoes of someone with dementia."

To learn more and schedule a VIRTUAL DEMENTIA TOUR® at your location or Stoney River, contact Sarah Krenn at (715) 207-6423 or SKrenn@stoneyrivermarshfield.com.
